

**Jennifer Keith, Psy.D.**  
**Psychoeducational/Psychological Assessment Agreement**

Welcome to my practice. This document contains important information about my professional services and business policies with regard to assessment. Please read it carefully and let me know if you have any questions. Please acknowledge your understanding of this policy by signing at the end of this form.

**Psychological/Psychoeducational Assessment:** Psychological or Psychoeducational Assessment varies depending on the reason for referral. In all cases, the assessment process will include a battery of psychological measures as well as a clinical interview. Depending on the purpose of the evaluation, a battery of tests may include measures that assess cognitive abilities, achievement, memory, attention, and/or emotional and psychological well being. The number of tests and the length of the evaluation are dependent upon the reason for referral. The measures are administered by me and will likely be a combination of interactive and questionnaire type tests. The selected measures are widely used tests that have been shown to have good reliability and validity with regard to the reason for the evaluation. In addition, the tests are also selected for appropriateness with regard to age and educational attainment.

**Professional Fees:** My hourly fee is \$160.00 per hour for assessment sessions. This includes report writing, feedback sessions, and any additional feedback provided to a third party. Some insurance companies will provide reimbursement for certain testing procedures related to psychological testing. Most insurance companies will not provide reimbursement for educational testing. For this reason, I do not file with the insurance company. If you choose to use insurance, a pre-authorization is usually required. It is very common for insurance companies to pay differently than what they quoted you at the time of the first visit or deny coverage at a later date. In addition, insurance companies will only reimburse if a diagnosis is made. If no diagnosis is found, then it is unlikely that the insurance company will reimburse for the assessment. If you choose to file with the insurance company, I will provide you with a Super Bill. Half the payment is due once the testing is complete, and the remainder will be due at the time of feedback. Please inform me if there are exceptional circumstances prior to the first session.

Since your appointment time is reserved for you, please notify me as soon as possible if you find that you must cancel an appointment. **Appointments not canceled with at least 24 hours notice will be billed at the usual fee of \$160.00 per reserved hour. Monday appointments must be canceled by 12:00 noon the Friday before to avoid charges.**

**Statement of Confidentiality:** Under Georgia law communications between patients and psychiatrists are confidential, and under ordinary circumstances this privilege can be waived **only** by the patient. In most situations, I can only release information about your treatment to others (third party) if you sign a written Authorization form that meets certain legal requirements imposed by HIPAA. However, there are three clear exceptions in which a psychiatrist is legally and ethically bound to break confidentiality: (1) the patient is imminently dangerous to self, (2) the patient is imminently dangerous to others and/or has made specific threats to harm an identifiable third person, (3) actual or suspected incidents of child abuse. Although legally and ethically bound to break confidentiality under the aforementioned circumstances, I will not do so without attempting to discuss it with you first.

**Agreement:** I acknowledge responsibility for all fees incurred, and if it is necessary, I consent to have my account collected through an attorney or collection agency. I also agree that I will be responsible for all costs of litigation including attorney’s fees. I have read and understand the above policies.
